DECAY DAYS IN BRAUNSCHWEIG (DE)

Attention all doctoral candidates in the field of repository research!

*Are you writing a doctoral thesis or working on scientific projects related to disposal?
Then get in touch with like-minded people at the Decay Days. Over the course of 4 days,
you can share information on your current work and explore new career opportunities.*

What to expect

- // 4 days of networking
- // Tour of the Morsleben repository (ERAM)
- // Visit to the Geoscientific laboratory
of the GRS in Braunschweig
- // Keynote speakers
