DECAY DAYS IN BERLIN (DE)

Attention all doctoral candidates and early-career scientists in the field of repository research!

*Are you writing a doctoral thesis or working on scientific projects related to disposal?
Then get in touch with like-minded people at the Decay Days. Over the course of 3 days,
you can share information on your current work and explore new career opportunities.*

What to expect

- // 3 days of networking
- // International keynote speakers
- // Scientific side events
